PART-2

(To be filled by the Official reported upon)

1. Brief description of duties:
(in 100 words)

Mentored and guided officers and staff, strengthened administrative capacity, improved decision-making, and fostered a culture of accountability and professionalism. Directed, coordinated, and supervised the functioning of key administrative units, including the Transport Section, Dispatch Section, Canteen, Estate Office, Legal Cell, Security Unit and other support services, ensuring timely service delivery, effective inter-departmental coordination, regulatory compliance, and optimum utilization of institutional resources. These efforts contributed to improve operational efficiency, streamlined administrative processes, prompt resolution of routine and statutory matters, enhanced service standards, and uninterrupted support to the Institute's academic, research, and administrative activities.

2. Please specify targets/ objectives/ goals of work you set for yourself or that were set for you. (Please include items of work in order of priority and your achievement against each target).

Targets/ Objectives/ Goals	Achievements
1. Organized Constitutional Day (Samvidhan Diwas) 2023.	Target achieved within 24 hours' notice.
2. To obtain valuation certificate from CPWD, Mumbai, for four flats at Ambernath.	The certificate is finally obtained with the co-operation of Security Officer.
3. To submit GeM data to MoSPI.	Target achieved regularly.
4. To keep whole Institute and seven Ponds neat and clean throughout the year and particularly during the Convocation.	Target achieved with the outsourced manpower.
5. To establish a Creche in the Institute within 31st January 2026.	Notes initiated to achieve this target within the FY 2023-24.
6. To weed out old records and disposal of old files.	This target could not be achieved.
7. To submit Labour Return in Shram Suvidha portal.	Target not achieved due to non-availability of data.
8. To establish a Branch of State Bank of India within the Institute Campus.	Not achieved.
9. To dispose rotten wood logs stacked at various places due to AMPHAN.	Not achieved.
10. To help In-Charge Canteen to obtain FSSAI License.	Target achieved instantly.

11. Helped Sr.A.O. to prepare draft a NIT for hiring unskilled manpower.	Target achieved.
12. Training of subordinates at various Training Institutes.	Could not achieved.
13. To resolve disputes with local people for construction of boundary walls at Giridih Branch.	Target achieved.
14. Guided subordinated to install fountains in ponds to keep the ponds clean.	Target achieved.
15. To procure a small boat from GeM costing ₹ 20,000/- only for the purpose of cleaning ponds.	Proposal accepted by the erstwhile CE (A&F) but could not be materialized.
16. To guide officer for Legal cases at the Hon'ble High Court at Calcutta.	Target achieved.

3. Please state briefly, the shortfalls with reference to the targets/ objectives/ goals referred to in Item 2. Please specify constrains, if any in achieving the targets.

1) Facilitated the establishment of a State Bank of India (SBI) Branch within the Institute by successfully resolving long-pending administrative and infrastructural issues. Although the proposal could not be implemented initially due to structural testing constraints of the proposed Post Office Building by the Engineering Unit, sustained liaison and negotiations with SBI authorities resulted in the Bank agreeing to establish the branch entirely at its own cost. This marked a significant departure from the earlier position of the Bank and paved the way for providing convenient banking facilities to students, employees, and other stakeholders without any financial liability on the Institute.
2) Formal training for subordinate staff could not be achieved during the period, primarily due to budgetary constraints arising from the high course fees charged by training institutions. It is, however, pertinent to note that the **National Training Policy** of the Department of Personnel and Training (DoPT) envisages that Ministries/Departments should earmark adequate resources, generally around **2% of the salary budget**, for training and capacity building of employees. Owing to the non-availability of dedicated training funds and the absence of a structured institutional mechanism for capacity building, the workers could not be deputed for the desired training to increase their KSA. It is recommended that the Institute earmark adequate funds for training in future budgets and formulate an annual training calendar to facilitate continuous professional development of its employees.
3) Old records could not be weeded out due to framing of a suitable policy by the Institute. The old records are lying at the Internal Audit Unit.

4) Despite the positive response and cooperation extended by the Forest Department, Government of West Bengal, the proposal for removal of the rotten wooden logs from the Institute premises could not be completed due to time constraints, as the initiative was taken towards the concluding phase of my tenure. The preliminary coordination with the Forest Department was completed, and the matter was positioned for further action by the succeeding administration.

4. Please also indicate items, in which there have been significantly higher achievements than the target and your contribution thereto.
   1) Cases at the Hon'ble High Court has been disposed off.
   2) The long-pending disputes between the local residents and the Institute relating to the Giridih Branch were resolved through effective negotiation, coordination, and prudent intervention by the Security Officer. As a result of the amicable resolution of the issues, the Institute was able to complete the construction of the boundary wall, thereby securing the campus, safeguarding Institute property, and preventing further encroachment or disputes.

5. Development during the period of reporting:
   i) Academic Qualification added, if any (Give details):

ANNUAL PERFORMANCE APPRAISAL REPORT

Guidelines for filling up APAR

1. Numerical Gradings to be awarded by the Reporting and Reviewing Authorities for the quality of work output, personal attributes and functional competence of the officer reported upon. These should be on a scale of 1-10 where 1 refers to the lowest and 10 to the highest. The following will be kept in mind while awarding numerical gradings: -

   (a) The columns in APAR should be filled with due care and attention and other devoting adequate time.
   (b) It is expected that any grading of 1 or 2 (against work output or attributes or overall grade) would be adequately justified by way of specific failure and similarly any grade of 9 or 10 would be justified with respect to specific accomplishments. Grades of 1-2 or 9-10 are expected to be rare occurrences and hence the need to justify them. In awarding a numerical grade the reporting and reviewing authorities should rate the officer against a larger population of his/her peers that may be currently working under them.
   (c) APARs graded between 8 and 10 will be rated as "Outstanding "and will be given a score of 9 for the purpose of calculating average scores for empanelment/promotion.
   (d) APARs graded between 6 and short of 8 will be rated as "Very Good" and will be given a score of 7.
   (e) APARs graded between 4 and short of 6 will be rated as "Good" and will be given a score of 5.
   (f) APARs graded below 4 will be given a score of 0.

2. Reviewing Officer may indicate specially the differences, if any, with the assessment made by the Reporting Officer and the reasons there for in the relevant section of APAR.

3. The overall numerical grade of the APAR on a score of 1-10 will be based on 40% weightage on assessment of work output, and 30% for assessment of personal attributes and 30% for functional competency. It will be based on addition of the mean value of each group of indicators in proportion to the weightage assigned.
